Dear Parent

RE: Financial Contribution for Design Technology (DT)

In Design Technology, we are lucky to have fantastic resources to enable our students to experience a variety of DT specialisms such as; Fashion and Textiles, Food Technology, Hospitality and Catering, Visual Communication and Resistant Materials. This enables students to experience designing and making use of many different materials and techniques in exciting and creative projects with a wide range of equipment across the faculty.

In preparation for the practical work, the school has purchased components, materials and consumable items for every student. These items have cost a considerable amount of money and we seek your support in making a voluntary contribution as detailed below towards this cost for the Academic Year 2021-22, which will allow your child to own these items and take them home, if you so wish.

Please see below for the list of subjects and payment details specified for each year group and make your voluntary contribution payment via School Gateway:

KS3 (Years 7, 8 and 9) - £10.00 per student (this includes all DT subjects)

KS4 (Years 10 and 11) - £10.00 per student who are studying GCSE DT

If your child currently receives free school meals or has received free school meals for any period in the last 6 years or is entitled to the Pupil Premium Grant, their products will be paid for out of the Pupil Premium budget.

Thank you for your cooperation.

Yours faithfully

Mrs M Botros
Head of the CreaTech Faculty
