7th February 2023

Dear Parent / Carer

Re: Year 12 & Year 13 Geography Trip

Royal Geographical Society Lecture - Wednesday 1st March 2023

Your son /daughter is taking A level Geography. Guru Nanak Sikh Multi Academy Trust (GNS MAT) is a school member of the Royal Geographical Society, which offers occasional lectures to school members. One such lecture is on Wednesday 1st March 2023, entitled 'Explaining the evolution of floods in time and space'. This lecture covers part of one of his/her A level topics, tectonic hazards and processes. It is a potentially useful event which will help him/her with the course but also show your son/daughter how a formal lecture works if he/she is interested in degree studies later. However, the trip is voluntary.

The event is between 5:00pm – 6:00pm. We will leave school at the end of the school day at 3pm, and travel there and back by bus and tube. We will leave the RGS Building in South Kensington directly after the lecture, so your son/daughter should be home by 8:00pm. Staff will be in attendance throughout the trip, apart from the end of the journey back when students will disperse directly according to their easiest route home.

There is no cost to parents associated with this trip. But students will need an Oyster card or debit/credit card to enable them to travel on buses and tubes – please ensure that the Oyster card works by checking it on a bus or at a tube station beforehand. Also, your son/daughter may need to bring a snack or the means to pay for a snack that evening. The trip will be fully risk assessed.

Please ensure you complete and sign the attached Parental Consent Form which must be returned to me in Room 41 by Monday 20th February 2023.

Any student with allergies or conditions that require medication must be declared. If medication is not in the possession of your son/daughter he/she will not be allowed on the trip.

Yours faithfully

Mr S Szerezla

Head of Geography
